FIFTY ROASTED TO DEATH IN WRECK

Two Passenger Trains Collided on Curve in a Blinding Snow Storm in Colorado.

ALL WHO WERE KILLED WERE CREMATED

The Loss of Life Was Greatest in the First Two Cars, a Day Coach and Smoker from Which Only Fifteen Escaped—Relief Trains Rush Injured to Pueblo.

Denver, Colo., March 16—Railroad officials gave out an official estimate of fifty dead and twenty-five injured, in the wreck this morning near Florence, Colo.

Denver, Colo., March 16—From 40 to 50 passengers were killed or roasted alive after a collision between two passenger trains on the Denver and Rio Grande road, this morning. The trains, one of them a double header, met on a curve near Florence, in the Arkansas valley, 140 miles from Denver.

Immediately after the collision the wreckage took fire and the injured who were pinned down were slowly roasted alive, while the bodies of those to whom death had been more merciful were cremated beside them.

One train was a local passenger made up at Leadville and the other was the Utah and California express, which left Denver, at 8 o'clock last night.

The trains were both behind time and met on a curve in a blinding snow storm. The impact caused both engines, a smoker and a day coach to turn over and both cars took fire.

But fifteen of the passengers in them were able to escape. The cars are still burning. A heavy snow impedes the work of the wreckers. It is reported that the crews of both trains are missing. A doctor who has reached Portland from the wreck says 40 are dead.

The accident occurred at 2:20 this morning. The news of the wreck did not reach Denver until late in the morning, but the railroad officials were soon up and moving in efforts to render what aid was possible. Rio Grande officials, doctors and assistants left Denver for the scene of the wreck at 4:20 o'clock, the Santa Fe passenger train due to leave Denver at 3:50 o'clock being held 30 minutes to wait for the party.

Relief trains were early on their way from Florence and Pueblo, and preparations were immediately set on foot for a larger wrecking and relief train to be sent from Denver on the Rio Grande road at an early hour this morning.

General Manager Ridgway was last night at Alamosa where he had gone to aid in clearing his road of the snow blockades which have tied up portions of the Rio Grande in the last few days in that section.

News of the shocking disaster was telephoned to him and he at once left for the wreck on a special which had orders not to wait for anything.

From the details at hand the wreck near Portland is the worst that has happened in the whole country since the accident at Eden, north of Pueblo nearly two years ago, when 123 people were drowned by a passenger train plunging into a flooded stream, the bridge over which had been weakened by the flood.

The wreck occurred at Adobe Station, four miles east of Florence during a terrific blizzard and was due, it is claimed to miscarriage of orders, either by the dispatchers at Salida or those at Pueblo. The trains were running at great speed.

Engineer William Hollis of No. 15, and Engineer Wm. Cosuette of No. 3, are among the dead.

The fireman on No. 16 was also killed, but Fireman J. H. Smith of No. 3 escaped by jumping, being badly hurt.

Express Messenger McCartland, of Denver, on No. 15, was badly injured. He was caught under the wreckage and burned to death while his people stood helplessly by. Some tried to stop the flames by throwing snow on the poor man, but he finally succumbed.

The majority of the dead were passengers in the forward coach of No. 3. How they met their fate will never be known as this car together with ten others, was entirely consumed by fire which started within two minutes after the engines came together.

A dozen injured were rushed to Pueblo on a relief train.

The scene at the wreck, after the cars began to burn, are too horrible almost to describe. One man, badly hurt, was pinned under an iron rod. He begged the other passengers to help him. They worked until the flames reached the spot when the man said: "I am too badly hurt to want to live. Save yourselves and let me die."

A man and wife were trying to get out of one of the car windows when an iron rod caught them. They were burned alive together with their little child, which was near him.

Another begged to be taken from

the wreckage. When the rescuers took hold of his hands, all the flesh came from the bones. He was burned a second later. Dr. Frank Cochran, former surgeon for the Denver & Rio Grande at Salida, was on one of the wrecked trains. He performed heroic services for the injured. Alderman Clarence W. Jones, of Florence, who was returning home from Denver, and had just stepped into the fatal car on No. 3, when the collision occurred. He escaped uninjured, but cannot account for it in any way. W. W. Davis, director of the Great Yank tunnel at Leadville, was also a passenger on No. 3. He escaped unhurt.

It is impossible to get a list of names until the railway auditors compare their reports. Every person killed in the wreck was practically cremated, and nothing now remains except the blackened timbers, and twisted rods, with here and there a pile of human ashes.

The identified dead and injured so far are as follows:

The dead:
William Hollis, engineer, No. 15, Pueblo.

Walter Cosuette, engineer first engine No. 3, Pueblo.

E. M. McParland, express messenger, 60, 16.

Among the injured are:

Hugh Suddeth, fireman No. 16; J. H. Smith, fireman, Pueblo; T. H. Webb, Yampa, Colo.; E. A. Meyers, Portsville, Mo.; W. L. Hewitt, LeBores; Claude Robinson, Denver; H. Goldberg, Denver; W. R. Page, Yampa, Colo.; Ralph Britton, Brighton, Ia.; Mabel Fields Wolcott, Colo.; Arthur E. Hewitt, LeBores; N. N. Phillips, Coyville, Ill.; C. C. House, Chaska, N. M.; J. L. Lawton, Bellflower, Mo.; S. H. Sweeney, Trenton, Mo.

FOUR CREMATED IN MICHIGAN.

Tustin, Mich., March 16—Four persons were burned to death at an early morning fire which wiped out the business section of the town. Loss \$30,000.

BIT HER HUSBAND WHEN IN SPASM OF HYDROPHOBIA

Twelve Years Ago, and Alfred Is Now in New York Hospital With the Disease.

New York, March 16.—Suffering great agonies and displaying symptoms of hydrophobia, John Alfred was removed this morning from his home to a hospital.

Alfred's wife died of hydrophobia 12 years ago. During her illness her husband was constantly with her and in the throes of the disease, the woman bit her husband on the arm. Alfred thought little of the wound as it healed quickly, but doctors say the bite is responsible for his present condition.

FATALLY BURNED BY CELLULOID COMB.

Petersburg, Ind., March 16.—While endeavoring to recover wearing apparel and household goods from her burning home, a celluloid comb exploded in the hair of Mrs. B. B. Barrett, and before help reached her she was burned so badly that she will die.

RUSSIAN PLANS SOLD TO GERMANY.

Glasgow, March 16.—A dispatch from St. Petersburg says a number of admiralty officers have been arrested charged with selling plans of submarines to a German naval attaché.

Another dispatch states that a report is current in the Russian capital that a mutiny has broken out among the Russian troops in Northern Manchuria.

COUNTESS DE CASTELLANE TO ASK DIVORCE

There is still much interest, both in France and this country, over the domestic difficulties of the Countess de Castellane, formerly Miss Anna Gould, and her husband, Count Boni. There have been at various times reports both that there was still possibility of a reconciliation and on the other hand that the legal action taken by the Countess would be changed from a suit for a separation to one for a divorce.

The lawyers representing the various branches of the case are in consultation upon the financial features involved and other final details of the proceedings.

It is the intention of the lawyers on both sides to avoid public hearings of the case and to obtain a decree without a contest.

THE COREYS ARE RECONCILED.

Riverside, Cal., March 16.—Mrs. W. E. Corey, wife of the Pittsburg steel magnate, will start east today accompanied by Mrs. Corey, Sr., and her sister-in-law, to join her husband, a correspondence having resulted in a reconciliation.

ON TRIAL FOR WIFE MURDER

Taking of Testimony is Begun in the Sutherland Case at New Albany Thursday.

New Albany, Ind., March 16.—The taking of testimony was begun yesterday in the case of the state against Rev. Ulysses G. Sutherland, accused of the murder of his wife, Mrs. Geneva L. Sutherland.

The body of Mrs. Sutherland was found suspended from a transom in her home, 206 McLean avenue, about 7 o'clock on the afternoon of October 12, 1904.

While the seven witnesses who testified of houses having been found on the face and arms of the late Mrs. Sutherland and some of them related incidents indicating that the married life of the minister and his wife was not at all times a peaceful one, the state has not as yet succeeded in connecting the minister with the death of his wife, who the coroner declared to have been killed by suicide by hanging.

WILL ASCERTAIN NEEDS OF STATE

EDWARD W. CLAYTON OF NEWARK, REPRESENTING GOV. PATTERSON.

In an Investigation of the Necessity of Appropriations Asked by State Departments.

Columbus, O., March 16.—It has developed that for the past three days Governor Patterson has had Edw. W. Clayton, vice president of the Litchfield County Bank and Trust company of Newark, and J. W. Denver, a banker of Washington, as his representatives, at work in the office of the state auditor going over the estimates of appropriations needed by all the state departments and institutions, as a basis of the present year's estimate. The law makes it the duty of the auditor to prepare this estimate each year for the guidance of the legislature. He secures the information from the heads of the institutions and the departments.

Governor Patterson wants to know what these demands are and how genuinely the funds called for are needed. In view of this course that has been adopted it is expected that the appropriations made by the legislature will undergo a pruning process at the hands of the governor. The veto amendment to the constitution, perfecting him to express any item that does not meet his views and let the rest of the bill stand. Of course, no item could be kept in, in spite of the governor's veto.

SALARY BILL PASSED SENATE

With Some Amendments and Will Return to House

IN EFFECT NEXT JANUARY 1

SUSPICIOUS ANXIETY FOR WASTE OF COUNTY OFFICERS' POWERFUL LOBBY

To Have the Bill Immediately Messaged Back to Lower Branch of Legislature.

Columbus, O., March 16.—By a vote of 74 to 22 the house adopted Representative Harper's resolution resubmitting to the people the question of exempting all public bonds from taxation.

Two resolutions by Senator Williams proposing constitutional amendments, were adopted by the house. One provides that the regular session of the general assembly shall commence on the first Monday in January next after it is chosen. The other provides that the reading of a bill on its final passage shall not be dispensed with, and amending the veto provision so that only two-thirds of each house shall be necessary to pass over a veto; providing that governor cannot veto sections of bills and approve other sections, but may veto items of appropriation bills, and providing that bills vetoed after adjournment of legislature shall not be returned to next general assembly.

Passed in house: H. B. Mr. Kealy, repealing the Dana law prohibiting the endorsement of one party's candidate by another; H. B. Mr. Foster, repealing the law providing that prosecutions for election offenses must be begun within six months after their commission.

The senate reconsidered the Roberts house bill, recently defeated, and passed the same. It prohibits the sale of intoxicants in dance halls and rinks.

Bills passed in the senate: H. B. Mr. McGinnis, making appropriations to pay the interest on the irreducible debt; H. B. Mr. Irvin, providing for meetings of councils, so that in case of special meetings, at least 12 hours' notice shall be given; S. B. Mr. Hypes, to prohibit the publication or display of immoral pictures and to prohibit immoral exhibitions; S. B. Mr. Carter, providing that county commissioners shall include the purchase price of tools and equipment in expenses of road improvements, and raising the levy one mill.

New senate bills: By Mr. Pollock, to provide a penalty for wearing an emblem of order of Elks by non-members; by Mr. Howe, providing for the appointment of eight female deputies in the department of workshops and factories; by Mr. Lawyer, providing that railroads shall have eminent domain to secure wharves, docks and slips.

Representative Winn's measure, to abolish prison contract labor and providing for the employment of convict labor in such manner as not to compete with free labor, was lost in the house.

Salary Bill Passed.

Without a dissenting vote the senate passed the Wilson salary bill, amended to make it become effective January 1, 1907, fixing the maximum salary of county officers at \$6,000 and wiping out all fees. The graduation schedule was changed in one instance, giving clerks of the courts \$35 instead of \$70 a thousand on the first 15,000 of population. This was intended to help out in the smaller counties. Other amendments make the fixing of the aggregate amount to be expended for clerk hire by any official in the halls of the county commissioners, to whom, on November 20, of each year, the officials shall submit a detailed estimate of the amount necessary for the next year. The commissioners shall, within five days, fix the aggregate. The elective officials shall have sole power to employ assistants, discharge them, fix their salaries, and have complete power over them independent from any interference from commissioners. In anticipation of a possible deficiency in the fee fund from which the office expenses are to be paid, immediately following the change to this law, the county commissioners are empowered for a period of one year, but not thereafter, to transfer from any other fund, to the fee fund whatever amounts are necessary to meet the payment of salaries for the next quarter.

The salary schedule gives the au-

BARNARD GIRLS PLAYING PRANKS IN THEIR "CIRCUS"

New York, March 16.—Girls were transformed into lions, monkeys and elephants when the class of 1909 of Barnard College gave a circus. The institution needs a dormitory, and whenever anything difficult is to be done in this city the first thought is "the elephants will help."

That is the reason the Dippy-drome was turned loose in the assembly hall, Broadway and 119th street. Five hundred women and one eminently proper property man witnessed the performance. There might have been two of the men assistants, but the other who was to have helped with the acrobatics admitted he was not married and was sent into banishment.

This was a "College Circus on the Mundane Sphere," as contrasted with "A Yankee Circus on Mars," from which its furnishings and accoutrements were borrowed for the occasion, together with Joseph Dymody, who was sent to take care of them and to lend his professional advice. The Dippy-drome was divided into two agonies and the cast included practically every young woman of the class.

The marvellous aggregation of talent got under way at 2 o'clock in the afternoon. The band began to play promptly on the minutes, and the freaks who were reduced to their unfortunate condition by over-study first went to the round of the arena. There was a whirling dervishes who from much meditation on the subject of perpetual motion had reached that abnormal state.

The girl who had refused to go to a matinee, the little wonder who sought to blow out the incandescent globes and the tattooed man who was all in that solemn march. The animal king, the foe of wild cats and mountain lions, King Theodore I, who had glistering teeth and eye-glasses, told of his prowess. In real life he is Miss Minnie Reilly.

Billy Rooster, with bill and towering comb and flapping wings, acted as ringmaster of the show. The role was taken by Miss Lillian Cosson, author of the Loretto, and she kept even the elephants in order.

The Bogle Man towered high in air and the clowns in their tightly fitting garb performed bewildering antics which took the house by storm.

Vaseline, in which the discerning public recognized the agile Marchese, appeared in perfect makeup of chalk and red eye-brows and encased nose. Miss Eva von Baur, who was also the stage manager of the circus, was responsible for his appearance.

Miss Florence Wyatt gave a realistic imitation of Shivers, which was called Shivers, and received with-out a shudder.

AN EXPERIMENT WORTH TRYING

The growing popularity of Advocate classified advertisements, which are printed on page 3 at the rate of 3 lines, 3 times, for 25 cents, is attested by the increased number of these notices appearing from day to day.

Those who have not yet taken advantage of this cheap but effective way of advertising have no idea of the splendid results that are achieved. One does not need to have a house for sale or rent to get the benefit of the department. You may want a second-hand piano, a cook stove, a bird-dog, or what not, and if you will only make your want known through this medium at a cost of 25 cents your wish will be quickly filled. If, on the other hand, you possess something that seems almost worthless to you or at least something of which you wish to dispose, fix a low price on it, tell it to Advocate readers and watch for returns.

If you have something you want to exchange for something else, write it out in 18 words and it will be printed for 3 days for a quarter.

Everybody reads The Advocate classified ads, and your little three-line notice is sure to attract attention. Many find both pleasure and profit in looking at this department every evening.

If you haven't yet tried an Advocate "want," a pleasing sensation awaits you. Remember, your identity need not be disclosed, save to the publishers. Letters may be addressed to any initial, in care of this office.

While you think of it, call The Advocate office by telephone and state your "want." Do it now. Just for an experiment.

A GREAT COUNTRY, INDEED.

"Zis is ze great countree," exclaimed the excitable Frenchman. "Ze very g-r-e-a-t countree."

"What has bumped against you now?" asked the actress. "Of course the country is great, but why are you excited about it? What is the latest feature that has impressed you?"

"Ze newspaper. Zey are great. Zey do ze biggest things and zey do zem—vol you say? Zey do zem now, right away, quick. Say you want a sng and you haf it before you sink twice."

"I tell my friend I want a boarding house. He say advise. I ask him how. He say put ze little ad in ze Advocate. I do so. Presto. I get zen ansaure—many of him. Forty, fifty. An' now I can't make up my mind vich to take. Zey are so many."

"Oh, your trouble is imaginary. Just take the first letter you read or the first one that sounds good. It will be all right. You need not bother about the others. You can't go wrong if you advertised in The Advocate."

"Sank you, sank you. But zis is ze great countree, and ze Advocate—he is ze great papaire."

Upon the same graduation, the clerk receives \$85, \$60, \$50, \$40, \$30, \$20, and \$5; the sheriff \$65, \$55, \$45, \$35, \$25, \$15, and \$5; the recorder \$60, \$50, \$40, \$30, \$20, \$10, and \$5. All other fees are eliminated.

The house concurred in the senate amendments to the Jones local option proposition, 84 to 19.

SOMETHING MYSTERIOUS

About the Salary Bill Causes Delay in House Concurrence.

Columbus, March 16.—The amended county officials' salary bill, passed by the Senate Thursday, will not be messaged to the House for concurrence in the amendments until Monday. The county officials' lobby, for some mysterious reason, was very anxious to have the bill messaged to the House for concurrence this morning. The lobby had something of a jubilation last night and there is speculation as to the reason. The opinion among the senators who favored a salary founded on direct taxation and abolition of the fee system, but compromised on the amended bill, is that collusion between county commissioners and other officials on allowances for assistants would mean just as much graft as ever.

HOUSE PASSES HAFNER BILL.

Columbus, March 16.—The House by a vote of 70 to 2 Friday passed the Hafner bill providing punishment for persons who refuse to answer to subpoenas or testify before a legislative committee. It was slightly amended and a conference of the Senate will be necessary. It cannot become a law before the end of next week. The penalty is a fine of from \$100 to \$5,000.

NO EIGHT HOUR

DAY FOR CHILDREN.

Columbus, March 16.—"No eight hour day for children," is the word of the House labor committee report to be made this afternoon. It fails to carry the features of the child labor bill, for which the friends of children fought hardest. Fifty-four hours a week, one hour less than the present

TAFT DECLINES THE JUDGESHIP FOR THE PRESENT

Announcement Made That President Will Take Further Time to Decide on Appointment.

Washington, March 16.—Secretary Taft has declined for the present, the proffer of a place on the Supreme bench. The following announcement was given out at the White House this morning:

"As Justice Brown will not retire until June, when the Supreme court will take a vacation until in October, and no public inconvenience can arise from a vacancy, continuing through the vacation, the president will take further time to decide the question of Justice Brown's successor."

"Several names, including that of Secretary Taft, have been under consideration, but no decision has been made."

SECRETARY OF WAR TAFT.

reached or is likely to be reached or announced in the near future."

Later, when seen at his office, the secretary said:

"The matter has not been finally settled. It has been left just where the president stated—for further consideration. My acceptance or declination of the position has simply been postponed. Further than this I have nothing to say on the subject."

There are those who believe that the secretary will yet be persuaded.

PEGGY WENT UP IN A BIG BALLOON

Newark's Contract Hurdler Has an "Off Day" in Texas League Last Monday.

The Cleveland Plain Dealer takes one awful slap at Peggy Moore, the Urberville pitcher, who was signed by Newark but jumped to Greenville, Texas. According to the report from Texas, Peggy was pitted against the Browns last Monday and allowed 11 bases on balls, hit one batsman, made one wild pitch, had three errors and was touched up for eight clean safeties. All this happened in three short innings. Just what became of Peggy after this terrible trip in a balloon is not recorded but if this is the sort of a pitcher Peggy is should we not send a letter of condolence to the officials of the Greenville club instead of making a big fight to get him back.

MEETING TO SETTLE SCHEDULE FIGHT

Sharon and New Castle Will Have Representatives at Meeting on Friday Night.

Those Newcastle and Sharon baseball boys are just real angry about the schedule. They want to withdraw from the league and other things which sound like a child's "well I don't care, I won't play, so there!" Still it does look as though Zanesville and Akron and Youngstown were especially favored. Akron brags that they have every holiday date at home. It's a safe bet that if Zanesville, Akron and Youngstown had a finger in the schedule pie, that they would get none the worse of the deal.

Now President Morton has called an extra special meeting at Sharon when a number of the O. and P. magnates will meet the owners of the New Castle and Sharon clubs and a conference will be held. There is no telling what the result of this conference will be. It is hoped however that it will not be necessary to draft a new schedule before they will be satisfied. The officials of both clubs feel sure that the schedule will be amended when they will be given what they please to call a square deal.

The Newark club fared pretty well in the schedule making. There are a few long jumps towards the last of the season for the Newark club, but all in all the Newark club is satisfied.

"HURRY UP" YOST WEDS.

SAVED

From the Gallows by Ruling of the Supreme Court—A New Trial For Mrs. Legg.

Charleston, W. Va., March 16.—The Supreme court has reversed the Circuit court of Clay county in the case of Mrs. Sarah Ann Legg, sentenced to death for the murder of her husband in February, a year ago. Mrs. Legg was sentenced to be hanged on July 7. Her attorneys took an appeal and the case was argued last week before the Supreme court, which will remand the case for retrial. As the opinion has not yet been handed down, it is not known upon what grounds the reversal was made.

BILL TO DEEPEN "KIRK" FEEDER

MR. ASHBROOK INTRODUCES A BILL TO APPROPRIATE SUM OF \$15,000

For Purpose of Making Needed Repairs and Putting Feeder in Proper Condition.

Columbus, March 16.—Representative Wm. A. Ashbrook of Licking county has just introduced House Bill No. 572 to provide for cleaning, deepening and repairing the Kinkersville feeder connected with Buckeye Lake, and to pay the costs of the same. The text of the bill follows:

Whereas, the feeder extending from Buckeye Lake to Kinkersville and the south fork of Licking river needs to be cleaned, deepened, widened and repaired, and the water gates or bulkheads thereon need to be removed,

Whereas, said Buckeye Lake obtains its water supplies through said feeder, and

Whereas, the board of public works of the state have at present no means applicable to such repairs therefore,

Be it enacted by the General Assembly of the State of Ohio:

Section 1. That there be appropriated out of the general revenue fund of the state, not already appropriated, the sum of fifteen thousand dollars for the purpose of making said repairs and putting said feeder in a proper condition.

Sec. 2. That the said board of public works is hereby authorized and directed to proceed without unnecessary delay to cause such repairs in and upon said feeder as in its judgment will be proper at a cost not to exceed the above appropriation.

Mr. Ashbrook of Licking has introduced house bill No. 571 authorizing the Licking County Agricultural Society to sell one acre of ground, the money to be used in reducing mortgage debt of the society.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

ILL-FATED SHIP MISTOOK SIGNAL AND WAS LOST

Had Signal to Stop Been Read Correctly British Kings Crew Could Have Been Saved.

New York, March 16.—An account of how the steamer British King was followed the day before she sank by the steamer Mannheim, vainly fluttering signals, which, if they had not been mistaken by the British King, would have saved the lives which were lost last Sunday, 150 miles south of Sable Island, was given on Thursday by Captain Andrew Schau, of the Mannheim.

The Mannheim arrived here with 11 survivors of the lost ship. Saturday afternoon, Captain Schau said, 24 hours before the disaster, he sighted the foundering steamer and signaled its captain to stop his engines in order that boats from the Mannheim might be able to overtake the steamer and rescue the crew. But the tempest which later sent the ship to the bottom seemed to have conspired against the British King, and through the masses of spray and the great waves the signal which was sent "stop" was read "stop on board." The latter signal means don't leave the ship. Had the British King's engines been stopped then, Captain Schau said, his boats could have saved the ill-fated crew, because the storm was not as bad as it became later. He said that before the steamer took its plunge he saw seamen leaping overboard to avoid being drawn down in the suction.

ORDINANCE NO.

Granting leave and permission to the Newark, Martinsburg and Mt. Vernon Traction Company to construct, maintain and operate a street railway, over, along and upon certain streets in the City of Newark, State of Ohio.

Whereas, on the 2nd day of October, 1905, the Newark, Martinsburg and Mt. Vernon Traction Company made application in writing to the Council of the City of Newark, Ohio, for the right to construct, maintain and operate a street railway, over, along and upon certain streets in the City of Newark, State of Ohio, hereinafter specifically set forth,

Whereas, on the 2nd day of October, 1905, a resolution was duly passed establishing a street railway route over such streets and notice of the establishment of such route and said application was duly published according to law, and

Whereas, the Newark, Martinsburg and Mt. Vernon Traction Company has made a bid for such route, which said bid offers rates of fare, which are the lowest rates bid and is a bona fide bid, and the written consent of a majority of the property owners upon each of the said streets or parts thereof on which said proposed railway route is represented by the feet front of the property abutting thereon.

Now Therefore, be it ordained by the Council of the City of Newark, State of Ohio:

Section 1. That the said Newark, Martinsburg and Mt. Vernon Traction Company, its successors and assigns be and they are hereby granted permission to construct, maintain and operate a street railway to be operated by electricity or other motive power, except steam, and all other necessary fixtures, wires, poles, and apparatus over, along and upon the following streets in the City of Newark, viz: Beginning at the intersection of East Church street with the North Fork of the Licking Creek; thence west on Church street to First street; thence east on First street to East Main street; thence west on East Main street to Second street; thence south on Second street to Franklin street; thence east on Franklin street to First street; thence north on First street to East Main street; and the said Traction Company is also hereby granted permission to cross Indiana street at a point about twenty feet east of the bridge in Licking Creek across the North Fork of Licking Creek with a single track, necessary poles, wires, and fixtures.

It is provided, however that the said Newark, Martinsburg and Mt. Vernon Traction Company, its successors or assigns shall not lay or construct any street railway over, along or upon any street between East Main street and South Park Place, but that said Traction Company, its successors or assigns shall construct a street railway over the tracks already constructed therein.

It is further provided that the said Traction Company, its successors or assigns shall not lay or construct any street railway over, along or upon any street between East Main street and South Park Place, but that said Traction Company, its successors or assigns shall construct a street railway over the tracks already constructed therein.

It is further provided and permission is hereby granted for the said Traction Company, its successors or assigns, to construct a Y at the intersection of East Main street and First street.

Sec. 2. That the said City hereby waives and remits to the said Traction Company, its successors and assigns, any and all license fees for the construction of said street railway.

Sec. 3. That the tracks of said street railway shall not be laid above the surface of the streets, but shall be laid in such a manner that carriages and other vehicles may easily and freely cross the same at all points and in all directions without obstruction, and shall also be laid as near the center of the street as practicable.

Sec. 4. That the cars to be used upon said tracks to be operated by electricity or other modern motive power other than steam, and shall be used to transport passengers, baggage, mail, express, freight and other articles pertaining to the business of a street railway company.

Sec. 5. RHEUMATISM AN INSIDIOUS DISEASE THAT BREAKS DOWN THE STRONGEST

Rheumatism does not come on in a day; the causes that produce it work silently in the system for years. This insidious disease becomes entrenched in the blood, and some exposure to cold or damp weather, or slight indiscretion brings on an attack. Poor digestion, stomach troubles, weak kidneys, torpid liver, and a general sluggish condition of the system are responsible for Rheumatism. Food souring in the stomach poisons the blood, the failure of the kidneys and liver to act properly leaves waste matter and impurities in the system, which, coming in contact with the natural acids of the body, form uric acid. This is absorbed by the blood, and as it penetrates to the muscles, nerves and bones produces the terrible pains and aches and other disagreeable symptoms of Rheumatism. Life is made a torture by its excruciating pains, nerves are shattered, the health undermined, and if the disease is not checked it breaks down the strongest constitution. It will not do to depend on plasters, liniments, etc.; such treatment is helpful in easing the pain and reducing the inflammation, but does not reach the blood where the real trouble is located. S. S. S. cures Rheumatism by purifying and invigorating the thin, acid blood, driving out all impurities and poisons and sending a stream of strong, rich blood to wash out all irritating particles that are causing the pain and inflammation. S. S. S. stimulates the sluggish organs to better action, tones up the stomach and digestion, restores nervous energy and builds up the entire health. S. S. S. cures Rheumatism, whether acute or chronic, and the cure is thorough and lasting. Look on Rheumatism and any medical advice desired without charge.

The City Hall Rat. That offensive rat, which caused so much of a sensation in the city hall building, has made a new set of enemies. The strong odor which drove the Board of Service members from their office, has invaded the mayor's and Auditor's office and it bids fair to rout them from their private domain. Several hundred feet of flooring has been removed by the janitor but the carcass of the rat has not yet been found.

Information Given Police. The local police have received notice from the Columbus police department to keep a lookout for information concerning several burglaries which have occurred in Columbus during the past four or five days. In two cases, stores were entered and shoes, clothing and furnishings and jewelry were stolen. The third case was the burglary of an East Long street residence when valuable pieces of bric-a-brac and several articles of clothing stolen. The loss will reach several thousand dollars.

No Police Court. Another clean slate awaited Mayor McCleary at the police station this morning. This occurred but a few times this year. There still remains a few in prison however, who are cracking stone and thinking over their sins.

Ball Park Work Stopped. Owing to the heavy snow which has fallen this week, no work has been done on the new ball grounds. It was the intention to finish what grading was needed, this week and commence on the fence next Monday but all this work has been delayed.

Painfully Injured. William Marfield, a young man employed in the Advocate job room, caught the index finger of his left hand in a job press where he was working this afternoon. The member was painfully lacerated. He was taken to the office of a physician, where his injury was dressed. Later he was taken to his home on Beech street.

Last Kinship of Pictures. The kinship of views and moving pictures at the Theatorium on the West Side, were changed again for the last time this week. The latest views represent the troubles of a French nobleman who advertised in the Advocate for a wife. Only fourteen women and girls answered the advertisement, and the pictures illustrate how the nobleman finally got out of trouble when he jumped into a stream. The show, which is highly entertaining, will close Saturday night. It has not yet been learned whether or not another location will be secured in the city.

Bought New Safe. The Board of Public Service has purchased from the Wehrle Company a fine safe which was placed in the office of the board Thursday afternoon. The safe was manufactured for the board, the interior being built especially for the books and records of this office. The big strong box is a handsome one and the board is to be complimented for patronizing home industries. Up until this time the valuable contracts of the board, deeds for cemetery lots and other valuable records have been unprotected from fire. Now there will be no danger of the loss of the records from this cause.

Burning Trash in Cellar. An alarm of fire sent in at 9:55 o'clock Friday morning called the central department to the residence of Mrs. Mary Barker, widow of the late James Barker, corner of East Main and First street. Mrs. Barker, who has resided in the house for 48 years, is making arrangements to move to Columbus, and was engaged in burning some trash in the cellar, when the escaping smoke caused the alarm to be sent in. The services of the firemen were not required. In making the run the hose reel struck a wagon belonging to the Brown feed store, and whirled it around, causing the driver, Harry Walkster, to be thrown from the seat. He escaped injury, however.

Big Month for Mayor. Mayor McCleary is making a great record for himself in the way of col-

lecting fines and licenses in police court. During the months of January and February \$668 were collected, \$351 of which came in January. Already this month, \$340 are in the hands of the mayor from this source. As the month is just half gone this promises to be the banner month so far.

Many Dogs in Oklahoma. "The vicinity of Jackson street, in Oklahoma is the worst place for dogs I ever saw," remarked Officer Swank this morning. The officer had just returned from that portion of the city, where a vicious dog had been reported to the police. In spite of the protests of the owner of the animal, Officer Swank ended its ugly career with a bullet from his revolver. Several dogs ran out of yards to snap at the policeman's heels and one went limping away from a blow from the officer's mace.

CODICIL FOUND TO JOINT WILL

WHICH WAS MADE BY SARAH ANN AND JANE WILSON.

The Surviving Sister in the Instrument Makes a Number of Small Requests.

On March 6, 1906, what purported to be the last joint will and testament of Sarah Ann Wilson and Cynthia Jane Wilson was submitted to probate. Since that time however an additional paper signed by Sarah Ann Wilson, the survivor, making small bequests to a number of persons, has been found, and application has been made to the Probate court to probate it as a codicil to her last will and testament. Among the bequests made are the following:

To her nephew, Wm. Gillis, her clock, featherbed and pillows.

To Emma B. Wilson, her best blue and white quilt, one pair of sheets, handkerchiefs, china cups and saucers, and an old blue and white water pitcher.

To Hattie Roe, her napkins.

To Mrs. Brady, her best bed complete as it stands, and the big blocked quilt.

To Emma Bradway, her lace curtains and a picture.

To Mrs. Burk, glass bread plate.

To her niece, Miss Taylor, 1 dozen china plates, a white spread, stand and looking glass, two tides, pink and white sofa cushion, high glass cake stand, and white glass pickle dish.

To Mrs. Mencer, all the things in the cellar, such as washtubs, washboards and crocks.

To her niece, Laura B. Beatrice, mahogany bureau, white fringed table cloth, pair of sheets and towel, also picture of herself and Jane Wilson.

To her niece, Emma W. Lewis, her mother's picture.

To her grand niece, old silver spoons and knives and forks.

To Kate Wilson, parlor carpet and rugs, the rocker and 12 dozen cane-seated chairs.

To Mary Wilson, bed lounge and her bed.

To Edna Wilson, cherry chest and two old red and white plates; also two cups and saucers to match.

To Sarah C. Colville, carpet in best room up stairs and table cloth.

To Mrs. R. R. Moore, table cloth woven by her mother.

To Miss May Moore, silk apron and two white ones.

In Probate Court. Herbert Bradley, administrator of the estate of Mary L. Bradley, has filed his first and final account.

Alice Patrick, administrator of the estate of Orsain Patrick, has filed his first and final account.

Sarah E. Coggins, guardian of the estate of Max R. Coggins, a minor, has filed his first account.

Phillis V. Chalfant, administratrix of the estate of Charles M. Chalfant, deceased, has filed his first and final account.

Offices in Court House. The county commissioners have notified the prosecuting attorney that the room formerly occupied by the Common Pleas Judge is at the prosecutor's disposal. The object of this is to avoid paying rent for a room outside of the court house for the prosecuting attorney, the conditions in the court room having been such that no room was heretofore available for the prosecutor, but with the present arrangements, Judge Seward having an office in that part of the court house just finished, his old office was vacated.

The county commissioners have notified the county coroner that a portion of the old Circuit court room in the court house is at his disposal, and is being relinquished so that all inquests in cases of mysterious deaths will be held in that room by the coroner.

Real Estate Transfers. Auditor's deed for 14 1/2 in Granville, Clifton & Lincolnton's addition to Newark, \$142.65.

John F. Moore and Eliza C. Moore to Wm. C. Wells, lot 326 in the Wells & Miller Park addition to Newark, \$100.

Hollin E. Hardway and Joel Franklin Hardway to Wm. C. Wells, real estate in Newark, \$1000.

J. Malr and wife to S. E. Wells, lots 18 and 19 in Wells & Miller's Park addition to Newark, \$150.

Wm. D. Van Tassel and wife to Henry Radebaugh, lot 311 in the Tallmadge Place addition to Newark, \$1400.

John R. Warner to Thomas J. Coulter, real estate in Newark township, \$250.

Thos. F. Coulter and wife to Wm. L. Coulter, real estate in Newark township, \$250.

Forcible Entry and Detention. A case in Squire Lake's court yesterday which attracted considerable attention was that of Charles and Louis Rider, against Cranston Bros., in a forcible detention suit. The plaintiffs were represented by J. W. Horner, and the defense by B. G. Synthe. The jury decided the case in favor of the plaintiffs.

The Cranston Brothers, who operate the ice cream parlor and shooting gallery near the old Music Hall on West Main street, were charged by the plaintiffs, with having violated their lease and occupying the room beyond the time in which, under certain conditions, they were to vacate. The action was brought after an effort had been made to have the room vacated, which the defendant refused to do.

In case the defense takes no further action, the firm has ten days in which to vacate the room. Similar cases are pending in the local courts, and for this reason this one is being watched with special interest.

OBITUARY

ABRAHAM SNYDER.

Abraham Snyder was born January 28, 1837, died March 6, 1906. Aged 69 years, 1 month and 9 days. He had been a faithful member of the church for 50 years. He was the father of five children, one dying in infancy, the other in childhood. The deceased had been twice married. Besides his widow, he leaves one son and two daughters, four sisters and one brother. The community has lost a good citizen and a kind neighbor, the church a faithful member. He was always ready to do what he could for the Masters' cause. Time and again he expressed his willingness to meet the Savior, saying that all was well with his soul.

MRS. JONAS GOOD.

Mrs. Jonas Good died at her home in Wyoming Valley, this county, on Thursday morning from dropsy. The deceased is survived by a husband and six small children. Interment will be in Barnes cemetery.

MARY ELIZABETH ANDREWS.

Mary Elizabeth Andrews, infant daughter of Mr. and Mrs. Frank Andrews, was born September 2, departed this life March 13, after a few hours' illness, aged 6 months and 11 days. She leaves a loving father and mother, one little sister and one brother to mourn their great loss. A little voice is hushed and still. A place is vacant in our home. Which never can be filled.

Oh, Mary, dear Mary, We'll miss thee still more As the days roll around.

As they rolled round before, Blessed scenes of the past, Let us bury them deep In the shrine of our hearts; Let her sleep, let her sleep. 2-15-dtt

SPOKE THROUGH MULE.

Ventriloquist Frightens Negro Into Detailing Story of a Crime.

Dothan, Ala., March 16.—Following the arrest of Will Christmas, a son, and Walter Holland, a son-in-law, in connection with the triple murder of the Christmas family, new and sensational developments were brought to light through the medium of a ventriloquist, who, in a most surprising manner, told the story of the crime, and with the aid of a concealed ventriloquist, talked to the negro through a mule. The negro's superstition was aroused and it is alleged he told the details of the murder to the mule. The arrest of Will Christmas and Walter Holland followed.

Rev. Herbert Biglow, of Cincinnati, lectured on "Stealing as a Fine Art" at the Pythian temple in Cleveland the other evening. Mr. Biglow expressed doubts if George B. Cox and his political machine can be dislodged at the Republican primaries in Cincinnati even after the recent disclosures of graft which have been known to the Cincinnati public, but the party has not been able to purge itself and hence the big Democratic victory there last fall. Mr. Biglow said that Cox was sure to be shorn of his power, but it will have to be done through another Democratic victory or two, after which the decent element of the Republican party can get control of its primaries. Then by all means let there be some more Democratic victories.

A newspaper report from Cincinnati tells of the change that has come over the Cox machine Republicans and in and about the offices and places where machine deals were planned and carried out. There is a new leader in the city council, the Cox representative and spokesman in that body, realizing that his domination is ended. At city hall the man who carried out Cox's orders and conducted business with city employees to do the work is rarely seen. The room over the Mecca saloon is abandoned, and judges, officials and candidates for office are no longer seen flocking to it.

Governor Folk in his address in Boston, said he thought the people had the grafters on the run. That sounds too good to be true, but if true, let the people quicken their pace, catch up with the grafters, prosecute and convict them. If they are merely on the run, they are fugitives from justice.

THAT FUNNY FISH

The Advocate's Description and Name Were Correct but It Never Inhabited Buckeye Lake.

Upon further investigation regarding the species of the fish which interested so many persons Thursday, when in the possession of Mr. R. C. Bigbee, it was found that the Advocate was correct as to its name and description, and in the statement that it was a salt water inhabitant known as a Tiffish. Consequently, there is a mistake about its being found in Buckeye Lake.

Authority on fishes shows that this species is found only in salt water, and is a habitat of a depth of about 150 feet, although it is frequently caught in more shallow water near the shore. This species is usually caught near the New England coast.

Probably some joker was "fishing"—well, if so, he made a catch. Anyhow, as yet there is no danger of sharks for swimmers and bathers in Buckeye Lake, nor freaks of crosses between carp and catfish.

MIRACLE PLAYS.

Miss Catherine Lewis

New York, March 16.—School children have been especially considered in the arrangement of the performance of the "Miracle Plays" at the Carnegie Lyceum on Thursday afternoon by Miss Catherine Lewis. Moser will be the central figure in his connection with "The History of the Plagues of Egypt," "The First Passover" and "The Flight of the Children of Israel into the Wilderness."

"WALD WOLLE" OR FOREST WOOL.

In Germany and Sweden the great Pine-forests furnish not only timber and medicine, but clothing as well. The Pine-leaves are treated with a solution of soda and the fiber applied to textile purposes under the name of "Wald Wolle," or forest wool. It has some resemblance to coarse wool and is spun and woven into blankets and garments that are said to be warm and durable. The Pine medicates the cloth so perfectly that eruptions and skin diseases are unknown to the wearer.

The medicinal properties of the Pines are known throughout the world. Dr. Leach, an eminent authority on diseases of the throat and lungs, established a camp for consumptives in the Pine Woods of Maine and made so many remarkable cures there that his treatment attracted great attention from the medical world. His methods were endorsed by the highest authorities. The treatment was very simple, consisting of open air exercise, deep breathing and nourishing food. Every four hours the patient was given one teaspoonful of a mixture of the Pure Virgin Oil from the White Pine Trees combined with Whisky and Glycerine in the following proportions:

Virgin Oil of Pine (Pure) 1-2 oz
Glycerine 2 oz
Whisky 8 oz.

This treatment strengthened the lungs and healed the bronchial tubes. Dr. Leach claims this treatment will break a cold in twenty-four hours and cure any cough that is curable. The ingredients can be secured from any good prescription druggist at small cost and can be easily mixed in your own home.

Inquiry at the prescription department of one of our leading druggists elicited the information that Virgin Oil of Pine (Pure) is put up only in half-ounce vials for dispensing. Each vial is securely sealed in a round wooden case, with engraved wrapper with the name "Virgin Oil of Pine (Pure)" plainly printed thereon. Only the cheaper oils are sold in bulk, but these produce nausea and never effect the desired results.

SHOE COMPANY

Takes Over Property of Jones Company—G. W. Clarke is Made President.

Columbus, March 16.—The property of the Jones Shoe Company on North Fourth street, has been taken over by the Jones Shoe Manufacturing Company, of Columbus, which was incorporated on Wednesday for \$500,000, of which \$300,000 is common and the remainder 6 per cent cumulative preferred stock. At a meeting of the stockholders of the new company, G. W. Clarke, J. K. Henry, D. M. Jones, J. E. Cummins, F. E. Hoover, Paul Jones and L. D. Bonebrake were elected directors and G. W. Clarke was made president, D. M. Jones vice president and general manager, J. K. Henry secretary and J. E. Cummins treasurer.

AMUSEMENTS

KING OF TRAMPS.

"The King of Tramps" a Yankee Doodle comedy which comes to the Auditorium Saturday, is a comedy fairly alive with snappy action, amusing twists and tangles, worth three hours of any amusement seeker's time and acted by a better class of comedians than has been seen hereabouts in many seasons. It is an entertainment for children from six to fifteen. It will be presented after noon and evening.

FAUST.

The name of "Faust" conjures in the minds of theater goers the name of Porter J. White. He has given his own production of the play after his own manner. Last night, when his company gave his semi-spectacular production there was very little standing room in the house. Many had doubtless seen the play before and knew what to expect. The play was beautifully and elaborately staged so far as scenery and electrical effects were concerned and was also well costumed. But the production did not depend entirely upon the beauty of the stage setting nor the brilliancy of the electrical display; but the acting was excellent. The audience always discriminating did not allow strong lines, finely spoken to pass unnoticed. Another welcome feature which was properly appreciated was the song of the intermezzo from "Cavalleria Rusticana." It has never been sung so well or with such a superb voice in a local theater before. It was a good deal of a surprise last night and altogether unexpected. Mr. White has made unparalleled strides toward the pinnacle of success and is today one of the most promising young stars upon the American stage.—Grand Rapids (Mich.) Herald. At the Auditorium Monday evening.

THE FORTUNE TELLER.

GRACE ORR MEYERS.

In "The Fortune Teller," "Peggy from Paris," and other high class organizations. She possesses a beautiful voice and subtle humor which show to excellent advantage in "The Fortune Teller," and from all reports, is a very worthy successor to Alice Neilsen. The company which Milton and Sargent Aborn have gathered around her is said to be an excellent one, collectively and individually, with youth, beauty and talent strongly in evidence. "The Fortune Teller" is scheduled for presentation at the Auditorium Thursday evening, March 22.

A splendid funeral procession was proceeding from Hong Kong, Japan, to bury the body of Taron, the head of a gambling den, when the police stopped the ceremony, as the dead man was believed to be an escaped convict. This was found to be true and the body was taken to the prison burial ground.

Tonsiline Prevents Diphtheria

Sore Throat—nature's danger signal. At the appearance of Sore Throat the first thought should be its instant cure. Don't regard it lightly—don't think it may be gone tomorrow. An hour's delay may bring fatal results.

What good doctor in his practice now advises delay or thinks lightly of any Sore Throat, especially in children? Modern medication wisely endeavors to quickly control and cure the simpler forms of disease—it's so much easier and so much safer than waiting for the graver diseases to follow.

It is right here and in this way that TONSILINE has its greatest value. Tonsiline will positively cure the Sore Throat and thereby prevent the dread disease—Diphtheria.

Tonsiline is the one remedy, sold largely throughout the United States, exclusively for the cure of Sore Throat. Its field is limited but it does its whole duty every time. We know of no case where it has failed during its years of use in thousands of homes.

Buy a bottle today and have it ready for instant use. Tonsiline is the stitch in time. Buy and take at all druggists. The Tonsiline Co. Canton, Ohio.

STATE NEWS

Arrest of Davis.

Cincinnati, O., March 16.—That the First National bank does not intend to allow the seizure of Cashier Davis to pass with his mere release was made evident in an amendment to the habeas corpus writ dragging the question of federal jurisdiction into the case. That the affair will be taken to the United States supreme court is necessary is admitted by the bank's lawyers. The hearing was postponed till next Wednesday and Davis was released on his own recognizance.

Lake Steamer's Experience.

Cleveland, O., March 16.—The big steamer City of Cleveland, from Detroit, carrying 100 passengers, arrived here after one of the roughest passages in her history. The boat was completely covered with a very heavy coat of ice. Owing to a blinding snow-storm and the heavy fields of ice encountered all the way across Lake Erie, progress was found to be at times almost impossible, and the boat was forced to turn from her course repeatedly.

Sheely's Story.

Wapakoneta, O., March 16.—In the reservoir trial Isaac Sheely, the accused, was on the stand. He told the story of his life and described his whereabouts on different dates. He denied he ever offered Colton money to dynamite the bulkhead. He admitted he was sent to the penitentiary from Clinton county in 1887 for house-breaking. Fifteen witnesses, farmers and business men, testified as to his good character and reputation.

Pattison's Appointment.

Columbus, O., March 16.—Governor Pattison appointed James S. Black of Cambridge, O., to succeed Judge Lennett as executive clerk in the governor's office on April 1. Mr. Black is 43 years old and has practiced law in Cambridge for the last 15 years. He is an ex-councilman and ex-city clerk.

Pastor's Wife's Deed.

Hamilton, O., March 16.—Mrs. Alice Kimmel, wife of Rev. J. L. Kimmel, pastor of the Progressive Brethren church at Gratis, north of Hamilton, killed herself with banana oil, which had been left in the house by a painter. She had been ill and suffered from melancholy for several months.

To Investigate Race Riots.

Springfield, O., March 16.—A special grand jury to investigate the recent race riots in this city will hold its first meeting Monday. The call for the jury was issued on request of the prosecuting attorney and others. It is said that accusations will be made against more than 100 people.

Reynolds Surrenders.

Cleveland, O., March 16.—Harry J. Reynolds, accused of bigamy, surrendered to Sheriff Snyder of Norwalk and was hurried to the scene of his alleged offense. Reynolds had successfully kept under cover in this city since the publication of his marriage to Mae Smith of Norwalk.

Babe Drank Poison.

Lima, O., March 16.—While her mother's back was turned May, the two-year-old daughter of Mr. and Mrs. William Brentlinger, climbing on a chair, seized a bottle of carbolic acid, and hastily drained it before the mother could prevent her. The child died a few minutes later.

Clear Field For Thomas.

Niles, O., March 16.—Prosecuting Attorney C. J. Taylor of Ashtabula, has notified his friends that he will not be a candidate for congress at the convention on Tuesday. He is the second candidate to withdraw after announcing himself, and Congressman Thomas now has a clear field.

Completely Snowbound.

Wyoming Valley, Pa., March 16.—The country in this vicinity is completely snowbound, and in some places the snow has drifted over the rail fences, while the roads are waist deep and impassable. In some places travelers have been compelled to take

Check Worker's Confession.

Dayton, O., March 16.—C. S. White, the last of a gang of forgers who has worked extensively in Chicago, Omaha and St. Louis, was arrested Wednesday in Lima, and confessed in this city later that he had led the gang of check workers. He stated that checks were printed by himself and his men identical to those used by the Illinois Steel company. They were made out in sums of \$50 and \$51, and on pay days at the plant the men would dress as Hungarians, get in the crowd and present their checks for payment at banks or saloons near the factory. He stated that he was a little scared at first, but that it was so easy he worked hard afterward and cleared up about \$65,000 before skipping from Chicago.

Dock Extensions at Ashtabula.

Cleveland, O., March 16.—The Lake Shore & Michigan Southern Railway company will begin extensive extensions of its docks at Ashtabula Harbor, O., as soon as the secretary of war gives the company permission. The proposed extension will cost at least \$3,000,000. The Pennsylvania company is at present spending \$2,000,000 in extending its docks out in the lake to a point proposed in the application of the Lake Shore.

Died in the Woods.

Findlay, O., March 16.—Samuel Krabill, 55, shot himself on his farm, northeast of this city, and dragged himself to the woods a quarter of a mile away. A member of his family found blood on the snow at the barn and followed the tracks covered with blood until the dead body was found. Mr. Krabill still clutched the revolver with which he ended his life. The family can give no reason.

Sokoto Revolt Crushed.

London, March 16.—A dispatch from Zungur, Northern Nigeria, reports that the British punitive expedition has crushed the Sokoto revolt after heavy fighting in which the rebels were almost annihilated. The town of Satirk, which was held by the rebels in force, was bombarded and then captured at the point of a bayonet. Over 300 rebels were killed. A punitive expedition was sent out from Zungur following the defeat of a British force on February 14 by natives supposed to be followers of a new mahdi. Of the British force defeated, three officers and 25 natives were killed.

B. & O. TO PENSION ONE THOUSAND

AND RETIREMENT WILL BE COMPULSORY AT AGE OF 70.

Blanks Will be Distributed to the 55,000 Employees for Their Age and Record.

It is roughly estimated that if the Baltimore and Ohio railroad puts it to effect the complete pension system for the retirement of veteran employees on which the company is now working, 1,000 railroaders on the system will be retired immediately on age. These retirements would include, it is said, a number of B. & O. officers, and would reach down through all departments, weeding out men who have been in the employ of the company for several decades.

Blanks have just been received for distribution through the heads of departments to all employees. Each of the 55,000 or more persons working for the company will be required to fill out a blank giving his or her record, age, etc. These records will be checked up with those already compiled by the company. The employees records, which will be among the most thorough ever obtained by a railroad company, will be useful data for other purposes than the pension system, for which they are to be secured.

The present pension system of the B. & O. provides only for optional retirement of incapacitated employees who have reached the age of 65 years. It is altogether likely the compulsory retirement limit will be placed at 70 years, and the pension will depend, as on the Pennsylvania, on the length and kind of service of each employee. When all the data have been secured they will be formulated in a report, and together with an outline of the pension proposed, presented to the board of directors for their approval of the adoption of a system which will reach all veteran employees.

So far as appears from present records, none of the executive or general officers of the B. & O. would be pensioned immediately by a rule of retirement at 70 years of age.

The capital stock of the new company is \$30,000, the incorporators being O. M. Crane, Charles M. Bliss, Ford A. Crane, L. L. Crane and Jennie W. Crane.

Heart Weakness

The action of the heart depends upon the heart nerves and muscles. When from any cause they become weak or exhausted, and fail to furnish sufficient power, the heart flutters, palpitates, skips beats; and in its effort to keep up its work, causes pain and distress, such as smothering spells, short breath, fainting, pain around heart, arm and shoulders. The circulation is impeded, and the entire system suffers from lack of nourishment.

Dr. Miles' Heart Cure makes a heart strong and vigorous by strengthening these nerves and muscles.

"I had palpitation and pain around my heart, and the doctors said it was incurable. I don't believe it now, for after taking six bottles of Dr. Miles' Heart Cure, three bottles of the Nervine and three boxes of the Nervine and Liver Pills I am entirely cured, and feel better than I have for five years, and it is all due to these remedies. I want you to know that your medicines cured me. It relieved me from the first dose, and I kept right on till the pain in my chest was gone, and I kept on feeling better each day. I quit taking it." JOHN H. SHERMAN, Belding, Mich.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money. Miles Medical Co., Elkhart, Ind.

GRANVILLE CLUBS

Met This Week With Hospitality
Hostesses—News Items and Personalities From the Village.

Granville, O., March 16.—The Thimble Club, composed of Mrs. E. J. Dorsey, Mrs. B. L. Jones, Mrs. C. Robinson, Miss Blanche La Ferre, Mrs. Aid, Mrs. A. K. Follett, Mrs. W. H. Kussmaul, Miss Irene Jones, Mrs. John Robinson, Mrs. L. A. Austin, were handsomely entertained by Mrs. John Robinson at her charming home, the guests were Mrs. W. J. Pond, Mrs. Spellman, Miss Amelia Bancroft, Mrs. Graham, Miss Devinney, Mrs. Ramsower. An elegantly appointed six course dinner was served. The color scheme of the decorations was pink, the numerous candelabra with pink shades and the ferns and carnations upon the tables, produced an exquisitely artistic effect. The gracious wholehearted hospitality of the hostess and her family, was never more evident than on this occasion which will long be remembered as a red letter day in the annals of the club.

Mrs. Melissa E. White Combs, of Aspen, Colo., is visiting her cousins, John and Colonel Isaac H. De Bow. Mrs. Combs tells an interesting little story of meeting a Granville boy out at Aspen. The young man is connected with a furniture store and had occasion to call at Mrs. Combs' house. In the course of conversation Mrs. Combs discovered that the young man "hailed from near Columbus," and that his name was Glenn Ramsower, and the son of an old friend of her own, and imagine the young man's surprise, when Mrs. Combs produced a picture of his father, taken in "those interesting days." Mrs. Combs has not been in Granville for eighteen years and notes many changes.

Charles Simpson has sold his residence on East College street to R. P. McCamp, who will move there April 1st. James Fosdick, real estate agent, made the sale.

The Fortnightly Club met at the home of Mrs. J. D. Jones, Tuesday evening, March 6th. Roll call was responded to, by quotations from Holmes' "Autocrat at the Breakfast Table." After which Mrs. G. E. Jones gave her thoughts on Holmes. A paper on "The Story of Roland" was given by Mrs. Robinson, and one on "Glass and Its Manufacture," by Mrs. Wood. The guests of the evening were Miss Minnie Jones, Mrs. Buxton, Miss Ella Howe, Miss Jannette Jones. The club adjourned to meet with Mrs. Tight, March 20.

USURPING

A Feminine Prerogative, a Workhouse Prisoner Talked Himself to Death.

Cleveland, March 16.—Ksancey Napurkowski, a prisoner in the workhouse, talked himself insane, according to the report made to the Probate court Thursday by a physician who has examined him. He was committed to the State Insane Asylum. The doctor said that he repeated his own name constantly.

When Napurkowski entered the workhouse he appeared to be rational but soon the attendants heard him repeating his own name monotonously. He became morose and despondent, and the attendants could get nothing from him but his own name. "I believe the man lost his mind by constantly repeating his own name," said Superintendent O'Reilly, of the workhouse. "I can get no other expression from him."

REVOLUTIONISTS

Will Fight in Flying Columns Using Bombs, Revolvers and Daggers Upon Troops.

Berlin, March 16.—Official information has been received that a renewed outbreak of the Russian revolution is imminent. A revolutionary executive committee has been distributing arms and ammunition and bombs, and final plans for a campaign have been adopted. According to the plans the revolutionists will not fight in massed bodies, but in small flying columns armed with bombs, revolvers and daggers. One scheme is to destroy the railways and telegraphs simultaneously, at hundreds of points throughout the country. Another is to set fire to St. Petersburg, Moscow and many other towns simultaneously. The remarkable feature of the movement is the enormous quantity of small bombs available for use.

WHITE GIRLS WERE HELD AS SLAVES

Until Wrecked in Mind and Body—Startling Disclosure in Frisco's Chinatown.

San Francisco, March 16.—Spirited away to nameless horrors of captivity in a den in the heart of Chinatown Julia Wilson, a pretty white girl, 19 years old, endured the tortures of a living tomb until rescued from the place, 922 Clay street, in aid by the police. While the gay life of this city went on within hearing of their voices they had opportunity to cry out for help, she and another girl, who was hurried from the place before the police could reach an upper room, have been held slaves until wrecked in body and mind. Behind strong doors, approached by a cunningly harpied passage, the two white slaves lived in a hell on earth, seduced by subtle Oriental drugs, whose fumes blot out memory, self-respect, hope and resistance. For more than a fortnight the two white girls have been held captives in a small house at the rear of a Chinese laundry. Not once within that time have they been allowed outside nor have they been permitted to hold conversation with any person except their Chinese masters.

DOGS FOLLOWED ON SAME TRAIL

AS THAT TAKEN BY BEN DICKERSON ON MORNING OF THE CRIME.

Reporter Wilson of Newark Was Fiercely Attacked by Attorneys for the Defense.

Coshecon, O., March 16.—Some strong testimony was presented to the jury in the Ben Dickerson trial here today when Mrs. Moran, whose home is in the vicinity of the scene of the murder. She stated to the court and jury that she saw the defendant on the morning of the crime was committed walking near her house, over the hill toward his own home. She also testified that she saw the dogs later in the day following the trail. She stated that as far as she could see from her house the dogs followed the same route taken by the accused. Daisy Dobson, a niece, gave practically the same testimony as that offered by Mrs. Moran.

This afternoon at 3 o'clock, Jas. Dobson, a brother of Mrs. Moran, was placed on the stand. He is considered one of the strongest witnesses for the state and his testimony will cause a sensation when completed. His examination commenced as this special was filed.

Clarence A. Wilson, a Newark newspaper man, who testified Thursday afternoon, was cross-examined Friday morning. The attorneys for the defense abused the witness shamefully and intimidated several times that Wilson's testimony was false. The attorneys in a vain effort to impeach his testimony went so far as to ask the court to remove his table as far away from the jury box as possible, claiming that the jurors could read all he wrote during the trial.

The jurors were asked if they could see what the reporter was writing when one of the men in the end of the box, nearest Wilson's table, spoke up and said: "I didn't know he was writing anything." This settled the question for the court and his table remained where it was.

afternoon when an attempt was made to make it appear that C. H. Woodward, of Dayton, and C. A. Wilson, a Newark newspaper reporter, had, during the time the trial was in progress, gotten together and concocted a story of the manner in which the bloodhounds took scent on the trial which led them to the Dickerson home.

Wilson, the witness on the stand, was asked by Judge Roche if it were not true that on a certain day during the trial he had met Woodward and compared the testimony which they were to give before the court. The witness said that this was not true.

Judge Roche then asked if the witness had not heard Woodward tell the story of how the dogs took the scent and if he had not been running around with Woodward during the past few days. The witness said that he had heard Woodward tell the story, but had paid little attention to it.

"Did you not come to this tree in the court room with Mr. Woodward?" asked Judge Roche.

Witness said he had not. In an effort to show a conspiracy on the part of the bloodhounds witnesses, Judge Roche asked several additional questions of the witness on the stand, regarding his connection with Mr. Woodward.

Wilson was asked to describe in detail just how the dogs had taken scent near the forked sapling. At this point the cross-examination resolved itself into a scathing fire of questions as to whether or not the witness had not manufactured his story out of whole cloth and as to whether all he was telling was a fabrication or only partly so. The witness expressed himself clearly on one or two points and on the others acknowledged his inability to remember in detail the actions of the parties who had the dogs in charge at the time.

Judge Roche suddenly asked: "What have you got against Ben Dickerson?"

"I don't know Ben Dickerson," replied the witness.

"Is it not true that you will return to the court room after court has adjourned and want to change your testimony?" asked Judge Roche.

"I have nothing to change," said the witness.

At this point court adjourned for the day.

It is clearly the intention of the defense to make the testimony of the two bloodhounds witnesses clash and they are going into that part of the evidence with a raking cross-examination. C. H. Woodward was placed on the stand when court was called in session at 9:10 o'clock, and was subjected to the greater part of the time until 4 o'clock. C. A. Wilson was then called to the stand.

All through the long hours of the trial in which life is the stake, the accused, Ben Dickerson, has outwardly maintained a stolid indifference to the testimony of his neighbors, but when C. H. Woodward was placed on the stand Thursday morning the accused showed signs of worry and watched the witness intently.

Mr. Woodward gave a description of the dogs used in running the trail and told how they were trained. He said that in experimental trials the dogs were held in leash in the same way as when working on a case.

"A man is started from an old barn or shed," said the witness, "first leaving some object, such as a hat or handkerchief. That is the first lesson I give the dogs. Then as the dog becomes older and more experienced he will carry the old trail, although almost obliterated by others."

Then Attorney Adams advanced almost to the witness stand, and confronting the witness, said: "Is it not true that you have been looking about in saloons and handing out roasts on the court?"

Both Mr. Woodward and Mr. Wilson gave in detail the trail of the bloodhounds from the forked sapling, in the woods, to the bedroom in the Dickerson home.

The dogs left the forked sapling, after having been given the scent and started directly up the hill away from the tree. After going about 100 yards up the hill they turned and retraced, crossing the fence towards the south. After crossing the fence, the dogs nosed their way through a field of new ground and into another field above the edge of the thick woods in the hollow. Following the fence along the upper edge of the woods the dogs finally crossed the fence and into the thicket. They then returned across a strip of open ground to the fence, but did not cross it. They then came down to the run in the hollow and up to the road along it to the Dobson home, which is located about a quarter of a mile from the Dickerson residence.

After going in and around the Dobson home they came back along the road and followed a devious course through the Dickerson hog lot, around behind the barn, through the back gate and into the Dickerson home, where they went directly to a bedroom in the southwest corner of the house. There the dogs, seemingly satisfied with their work, lay down to rest and then came out and into the Dickerson barnyard.

CALLED CURS AND TRAITORS

Trustees of the New York Life Are Mercilessly Assailed.

ANDREW HAMILTON SPEAKS

Appears Unexpectedly Before the Legislative Investigating Committee at Albany and Defends His Own Actions—Declares President McCall Was Driven to His Death.

Albany, N. Y., March 16.—Before the insurance investigating committee Andrew Hamilton broke the silence which he has maintained, except for his statement brought from Paris by John C. McCall, ever since his name was first mentioned in the investigation in connection with the great sums of money shown to have been paid to him during the past ten years on account of his legal and legislative work for the New York Life and other insurance companies.

It would be difficult to exaggerate the sensation produced by his unexpected appearance and by the speech which he made. Judge Hamilton poured forth a flood of denunciation and invective upon the members of the

ANDREW HAMILTON.

board of trustees of the New York Life insurance company, several of whom were present, designating them "curs and traitors," and paying especial attention to one unnamed, whom he described as "the Pecksniff of three administrations, the defendant of the Beers scandal and author of the Beers pension—who rotates through one administration and another and thinks that he is going to be an indispensable member of yet another."

"And do you think," he demanded, "that the man who held the same relation to Mr. Beers that I did to Mr. McCall could sit for thirteen years since and not know how the expenditures that were made were to be made, and, dispersed? Yet he and such like him sit, not judging me as peers, but judging me as conquerors, talking about 'yellow dogs.'"

The only name Hamilton mentioned was that of the late President McCall in the reference to whom and to whose death he displayed marked emotion. He spoke of Mr. McCall as a victim, as having been shouldered with the blame—the only one, the dead man, killed, that they drove to his grave and desecrated," and declared that the memory of this man had appealed to him "to come down here and say something for him and just a word for myself."

Laughter and applause followed Mr. Hamilton's reference to the enthusiasm with which he said his victories for the New York Life were received by the officials of the company. "They would come and pat me on the back," he said, with a bitter sneer, "these men who would not know me now; they would come in and pat me on the back, and remark 'You did it.' But the curs who stood around this funeral that has occurred, the curs who know of these transactions and shrunk into their shoes—they are the curs—and that is the reason that I come before you and say that the great interest of two billion dollars of life insurance and four hundred million dollars of assets can never be safe entrusted to the hands and administration of a lot of curs."

This was the ostensible purpose of Judge Hamilton's appearance before the committee, to advocate the pending bill which would legislate the present boards of directors out of office and provide for a complete reorganization in November next.

Hamilton May Tell More.

New York, March 16.—Following the sensational statements of Andrew Hamilton at Albany yesterday, the insurance giant exposure, District Attorney Jerome said: "I have nothing now to say on insurance. That insurance officials are in a panic state today, there is no denying. It is a fear of what Hamilton may tell, it is hard pressed, that is causing the worry. According to Hamilton's statements, yesterday's speech was but 'the first chapter.'"

Henry Vaughn, George Ryan and Ed Raymond, co-defendants, found guilty of having murdered John Clay, a Missouri state prison guard, were sentenced to be hanged April 29.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inactivity to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Home of Swamp-Root, 455 Broadway, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name Swamp-Root. DOLAN OUT IN THE COLD

Executive Board Upholds President Mitchell's Findings.

HARMONY IN MINERS' RANKS

Delegates Firm in the Belief That Their Demands Are Just—Operators Term the Approaching Conference a Mere Formality—Prospects of Agreement Appear Slim.

Indianapolis, March 16.—The international executive board of the United Mine Workers approved the finding of President Mitchell in the matter of ousting Patrick Dolan from the presidency of district No. 5, western Pennsylvania, and the report will confirm the ousting of Dolan by the convention of district No. 5, and the appointment of three members of the executive board to take charge of the district affairs until the office is filled by special election. Dolan's claims were argued by himself and Uriah Bellingham, vice president of the district, who was ousted from his office.

The action of the executive board in upholding President Mitchell's finding indicates that perfect harmony reigns in the ranks of the mine workers and that the influence of President Mitchell is unimpaired. Notwithstanding this fact the atmosphere in the convention indicates that the delegates are firm in the belief that their demands are just and a powerful influence will be necessary to hold them in check in the event their demands are rejected.

From the camp of the operators the reports are discouraging. Judging from the expression of two operators who are here unofficially, the miners' convention and the subsequent joint conference of operators and miners is but a mere formality to conform with the wishes of President Roosevelt, and at the end of which the employers and miners will find themselves further apart than ever.

Little was done beyond routine by the special national convention of the United Mine Workers of America. President Mitchell delivered his address in which he explained the reasons for calling the meeting and counseled conservative procedure in the effort to preserve peace in the coal industry. The only notable incident was the applause attending the reading of the report of the credentials committee from which were omitted the names of Patrick Dolan and Vice President Bellingham of district number 5, western Pennsylvania, as delegates from that district.

BRO-MAN-GEL-ON

DESSERT JELLY

Debility Due to Catarrh

Catarrh is clearly the cause of debility. No person free of catarrh was ever troubled with debility.

So you will readily understand that the cure of debility depends entirely on the cleaning out of the catarrhal parasites.

Catarrh is the cause. Debility is the result.

No remedy will ever cure you but a catarrh remedy, and no other remedy will do it like Rexall Mucu-Tone. We make this statement because we know what Mucu-Tone is and what it will do—and doesn't it stand to reason that a remedy designed for one particular purpose—as Mucu-Tone for catarrh only—is going to give results a hundred times better than a cure-all that aims at every disease in the dictionary.

Read what Ald. Robert K. Sloan, of the Fifth Ward, of Chicago, writes us:

"I cheerfully add my endorsement to those who have words of praise for Mucu-Tone. I consider it the world's greatest remedy for all ailments of the mucous membrane system. I have taken the remedy for debility with the most satisfactory results. I know of one of my constituents who was cured of an aggravated case of catarrh of the stomach through its use. I endorse it most heartily."

Mucu-Tone acts entirely different from any other remedy we know of, and we think we know them all. Mucu-Tone acts in a scientific way by first of all destroying the deadly catarrhal germs—ridding the system of every trace.

Then, as the very name, Mucu-Tone, implies, it tones up the mucous tissue—the tissues on which the catarrhal parasites live. Then there is a chance to get well.

We have a large trial size for fifty cents that we guarantee to give results. We want you to try a bottle on our personal recommendation.

NOT CREATING HARMONY IN CINCINNATI REPUBLICAN CIRCLES.

Revelations of Drake Committee Likely to Make Hamilton County Solidly Democratic.

Columbus, March 16.—Some expert political opinion in this week of the world, representing members of both parties, is to the effect that the Republicans are doing their utmost to make Cincinnati and Hamilton county Democratic for a long time to come assisted by other forces. The revelations of the Drake investigating committee are in themselves sufficient to keep the voters of Hamilton county from placing much confidence in any Republican machine that may be operated there in the near future. Added to this is the offensive organization of the Roosevelt Republican club of Cincinnati and the election there to of President Roosevelt and Secretary of War Taft, the latter of whom sends a bombastic letter to the club, laying down the law for all Ohio Republicans to follow. In this wise the Roosevelt Republicans of Cincinnati are promoting political harmony that can only be compared to a cat fight. All conditions point to a continued ascendancy of Democracy in the Queen City.

Meanwhile it is amusing to note that the Secretary Taft, after finding his epistle to the Roosevelt club, himself to New York, there to meet his brothers, Henry and Charles, and decide the fate of the nation. Henry is a wealthy New York lawyer and Charles is the well known Cincinnati newspaper man, who formerly was a prominent cog in the Cox machine but lately repudiated his old chief. The secretary of war, it is announced will consult his brothers as to accepting a place on the Supreme bench which President Roosevelt is preparing to bestow upon him. In turn they will consult him as to his candidacy for president, which would require him to set the Ohio delegation in the next Republican state convention. Then William and Henry will consult Charles P. regarding his candidacy for the Republican nomination for governor of Ohio. Altogether when the Taft family holds a caucus it is time for awe-struck humanity to keep in the distance. It will be sad indeed if some of the bad boys in the Republican camp ever to take it into their heads to throw bricks in the direction of the Taft-Roosevelt combination.

WORKMEN ARE IN GREAT DANGER

In the Work of Tearing Down the Old Pataskala Building on the West Side.

The work of razing the old Pataskala block on the west side, is progressing rapidly and the entire top story, together with the greater part of the second floor has been removed. The safety of the workmen employed about the building, is being questioned considerably by those who are acquainted with the conditions and especially so since it has become known that the adjoining building on the south, now occupied by the Sparta Confectionery company, is considered unsafe and liable to collapse when the wall which connects the two structures is removed.

The cracks in the walls of the building on the south are quite noticeable, and are considered by some to be positively unsafe. It is understood, however, that the proprietors of the Sparta intend retaining their location, but will close their place of business when the dangerous part of the work, the removal of the wall itself, commences. This wall being the only support for the buildings, will probably cause the managers of the confectionery store to remain closed until the other and new wall is erected.

INTERESTING LETTER

WRITTEN BY A NOTABLE WOMAN

Mrs. Sarah Kellogg of Denver, Colorado, Bearer of the Woman's Relief Corps, Sends Thanks to Mrs. Pinkham.

The following letter was written by Mrs. Kellogg, of 1628 Lincoln Ave., Denver, Col., to Mrs. Pinkham, Lynn, Mass.: "Dear Mrs. Pinkham: For five years I was troubled with a tumor, which kept growing, causing me intense agony and great mental depression. I was unable to attend to my house work, and it became a burden to me. I was confined to my bed, lost my appetite, my courage and all hope. I could not bear to think of an operation, and in my distress I tried every remedy which I thought would be of use to me, and reading of the value of Lydia E. Pinkham's Vegetable Compound to sick women decided to give it a trial. I felt discouraged that I had little hope of recovery, and when I began to feel better, after the second week, I thought it only meant temporary relief; but to my great surprise I found that I kept gaining, while the tumor lessened in size. The Compound continued to build up my general health and the tumor seemed to be absorbed, until, in seven months, the tumor was entirely gone and I a well woman. I am most thankful for my recovery, that I ask you to publish my letter in newspapers, so other women may know of the wonderful curative powers of Lydia E. Pinkham's Vegetable Compound."

When women are troubled with irregular or painful periods, weakness, displacement or irritation of the female organs, that bearing-down feeling, inflammation, backache, flatulence, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female ills.

Mrs. Pinkham invites all sick women to write her for advice. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease has been advising sick women free of charge. She has guided thousands to health. Address, Lynn, Mass.

Remember that it is Lydia E. Pinkham's Vegetable Compound that is curing women, and don't allow any druggist to sell you anything else in its place.

FIFTY ROOMS IN THE NEW HOTEL

TO BE ERRECTED AT BUCKEYE LAKE BY NEW COMPANY IMMEDIATELY.

Mr. W. D. Harris Will be the Manager and Hopes to Open About June.

As telegraphed the Advocate on Thursday from Columbus, the Buckeye Lake Park Hotel Company was incorporated in Columbus on March 15 by the following named gentlemen: W. A. Gibbs, general manager of the Dolan-Morgan-Schoepf syndicate lines in this section; Will D. Harris, manager of parks for the above named syndicate; Judge C. C. Williams, a prominent attorney of Columbus; General Henry C. Taylor, another Columbus attorney, and the Hon. Frank Tallmadge of Columbus. Immediately after the incorporation an organization was affected by the election of the following named officers:

President, W. A. Gibbs. Vice president and general manager, W. D. Harris. Secretary, C. C. Williams. Treasurer, Frank Tallmadge.

Following the organization a building committee was appointed and the architectural firm of Beauford & McCarthy of Columbus, was communicated with and preparations for plans were made with the firm for the building of one of the finest 50 room hotels to be found in Central Ohio.

The new hotel will be located at Buckeye Lake, Ohio, on the bank overlooking the canal eight miles of water, and will be built after the Spanish style of a biltmore, with deep veranda, inviting retreats and cozy and airy rooms, and will have a dining room with a seating capacity of 200. The whole interior decorations and furniture will be mission in style.

The building and supervision of the structure has been placed in the hands of Mr. Harris, who will push the work to completion as rapidly as possible, and hopes to have it ready for occupancy by the first of June.

HENRY HUFFMAN BROWNE SELLS PROPERTY HE DOESN'T OWN

Benjamin W. Levitan

New York, March 16.—Sensational testimony was given before Judge Foster in the Court of General Sessions this week, implicating Henry Hoffman Browne, a lawyer, in an alleged plot to take possession of property in the Bronx valued at more than \$1,000,000.

Deeds to many lots in Mount Hope and Inwood sections owned years ago by Elsie Peterson, a Norwegian, who was lost with his entire family in a collision at sea, are alleged to have been prepared and filed by Browne to persons who had no existence save in the lawyer's brain, and, finally, in the Bronx. To his surprise he found the years after the death of Peterson, a

H. Hoffman Browne

conveyance was put on record of a part of the property from Mrs. Peterson. To this conveyance her "mark" was attached. Assistant District Attorney Train produced a witness who swore that Mrs. Peterson was not only entirely capable of writing, but had in fact attached her signature to various documents. Benjamin Levitan, an architect, through whom the charges against Browne were brought originally, told of his transactions with the lawyer. From Browne he had bought a lot in Jamaica, L. I., and another in the Bronx. To his surprise he found the property bought by him was actually

one-half of each of two lots. A hotel stood on one lot and another building on the other. In the case of the Bronx lot it was supposed to be unimproved property, but Levitan said he found a house on it and a man in possession, who threatened him with arrest for trespass.

This lot is a part of the old Peterson estate. One charge against Browne is that under the name of Hubert he executed a conveyance of the property to himself within a few hours of the time when it seemed that the negotiations with Levitan would be closed. The deeds from Hubert to Browne and from Brown to Levitan were put in evidence.

LINGAFELTER ESTATE LIABLE FOR FORTY-SEVEN THOUSAND DOLLARS

To the Homestead Building Association, According to a Decision of United States Referee in Bankruptcy, Charles M. Rogers, Handed Down in Columbus Thursday.

Columbus, O., March 16.—United States Referee in Bankruptcy, Charles M. Rogers, gave a decision, Thursday, which holds the estate of James F. Lingafelter liable for \$47,500 to the Homestead Building and Loan association, of Newark, a society that has secured judgments against Lingafelter since it closed its doors, making criminal charges against him as the result of some of the transactions upon which the referee passed Thursday.

The referee did not decide the question as to whether the claim held by the association, and presented through the receiver, George P. Webb, was secured or unsecured. The institution holds a mortgage of \$15,000 against the bankrupt and contends that it is a first lien. The question of its validity also remains unsettled. This will probably be for the court of Common Pleas to determine.

Should it be held as a preferred claim, the members of the association will have \$32,000 added to their assets.

The books of the company are being reconstructed under the direction of an expert. He has been at work three years, and each step in his work has uncovered a greater deficiency. The tangle is so great that even now the expert is unable to give the exact condition.

The evidence and investigation, however, show that Lingafelter's annual statements were inaccurate and that he had entered in the books and realized from the association on fictitious accounts. Presumably for the purpose of covering such transactions of his on the secretary's wife changed amounts in the book of receipts. While the bankrupt is not accused of doing this, he is held responsible to the stockholders.

The fictitious amounts, aggregated \$7,100.21 and the amount which Lingafelter received from depositors but did not put in a bank as required by law, \$79,274.

He was unable to show satisfactory assets in his statements to the directors he adding to the mortgage loans. The dividends which were declared, to the amount of thousands of dollars, are now charged against the estate, although it is supposed that some of the present stockholders shared in the distribution.

Mr. Lingafelter denied the claim and made a counter one, and of the latter the referee allowed \$2,858.75 to the bankrupt, leaving \$44,821.51 with interest from the date of the adjudication for the creditors, or in favor of the receiver.

Several weeks ago, the referee allowed the Newark Savings bank court many \$66,296 against Lingafelter.

EMBEZZLEMENT MAY BE CHARGED

AGAINST RUD HYNICKA, TREASURER OF HAMILTON COUNTY.

Special Investigation By the Grand Jury Will Be Sequel of Lexow Committee's Work.

Cincinnati, O., March 16.—The Hamilton county grand jury will be called together again next Tuesday, and will at once take up the matter of the alleged shortage which existed in the county treasury by reason of County Treasurer Rud K. Hynicka allowing the banks to use money represented by checks sent to them for collection.

This action was decided upon Thursday by County Prosecutor Hiram Rullison after receiving a letter from State Auditor Guilbert, which amounts practically to instructions to proceed against the County Treasurer under Section 6541, which makes it an embezzlement of county moneys.

The grand jury has not been sitting for some weeks, but a sudden call for an extra venire of 10 men in order to fill out the quota of the grand jury, was made yesterday, and word was sent to the other grand jurors to reconvene Tuesday, March 20, for special work. This special work, Prosecutor Rullison admitted, last night, will be considering the matter of the moneys turned over to banks by County Treasurers John H. Gibson and Tilden R. French. Prosecutor Rullison last night said:

"Yes, I shall begin the investigation at once. I was at first of the mind to await the outcome of civil action for the recovery of the money to decide whether or not the law had been violated further and the embezzlement statute reached, but I have received a letter from State Auditor W. D. Guilbert, in which was inclosed a copy of the report of the examiners, Messrs. Bliss and Brown, to the effect that \$1,106, \$19.21 of the county's money is represented in the county treasury by certificates of deposits of checks in banks for collection.

"Besides this, the state auditor's letter called attention to the fact that Section 6541 has been violated by the money being in banks and not in the county treasury, as this section says that such action is embezzlement, and that should be enough for me if I want to do my duty. The law says that when evidence of an embezzlement is placed before the county prosecutor he must place the same before a grand jury, and that is what I intend doing. The grand jury will reconvene next Tuesday, and I shall begin work at once, maybe on that day, and maybe the next, but I shall certainly start the machinery as soon as possible.
